Premium Hacksaw

- 1 Mechanics Feeler Gauge

20 Drawer Triple Bank Roller Cabinet

THE SIDCHROME DIFFERENCE

BUILT TO LAST A LIFETIME™

Sidchrome has built its reputation on supplying tradespeople with high quality, premium and professional products that last a lifetime, which is evident through Sidchrome's lifetime guarantee against faulty workmanship and material on most products.

ANTISLIP™ FASTENING SYSTEM

Patented ANTISLIP™ Design features on the open end of the Sidchrome spanners, which is a locking groove to prevent slippage of a nut and bolt, which prevents knuckle injury.

TORQUEPLUS™ FASTENING SYSTEM

Apart from allowing extra torque, TORQUEPLUS™ also reduces the risk of fastener rounding, provides a greater opportunity to turn worn, rounded fasteners and meets aerospace specification.

RINGSTOP GOTHRU SYSTEM

The Ringstop Gothru System employs a patented ring within the geared ring end of the ratchet, which prevents the spanner from slipping past the fastener. Extremely useful when working on long-bolts, or in positions where it is inconvenient to use the other hand to keep the tool on the fastener. Unlike traditional stop features, the Ringstop can be pushed past the fastener head when necessary, for use with double nut, or bolt and nut configurations. The Ringstop can also be used with socket and bit adaptors, increasing the versatility of the tool.

EVA FOAM SYSTEM

The Sidchrome Heavy Duty EVA Foam System has been designed so you don't waste time looking for the right tool, with the red underlay foam allowing you to quickly identify any missing tools. The carbon fibre covering is designed to withstand most workshop fluids, while screen-printed size measurements are easy to read and won't rub off after cleaning.

REAL TOOL COUNT

The Sidchrome Tool Kit range features a Real Tool Count, where the only tools that go into a kit are professional quality tools - not piece count boosters. For example, we don't count feeler gauge blades as pieces as some brands do. Sidchrome tool kits can be logically and easily built up they comprise of the most popular tools in each range and are laid out to allow for quick and easy access to your tools when working in a busy environment.

HEAVY DUTY STORAGE BUILT TO LAST A LIFETIME

PROFESSIONAL GRADE METAL STORAGE

Metal storage that is guaranteed to work as hard and as long as you do.

HEAVY DUTY

The Sidchrome range of metal storage has been engineered to deliver industry-leading performance for heavy duty professional applications.

KEY FEATURES OF SIDCHROME METAL STORAGE

SOFT CLOSE AUTO-RETRACTABLE DRAWERS

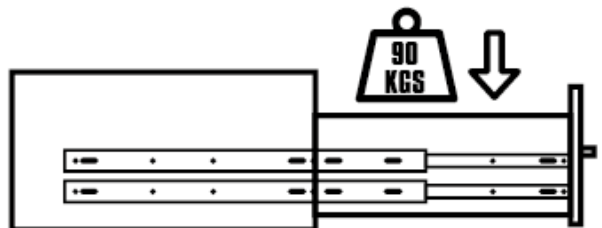

100% DRAWER ACCESS

SINGLE BALL BEARING DRAWER CAPACITY

DUAL BALL BEARING DRAWER CAPACITY

DO YOU NEED HELP PAYING FOR YOUR TOOLS? THE AUSTRALIAN GOVERNMENT OFFERS TRADE SUPPORT LOANS TO GET YOU STARTED AT WORK

What are Trade Support Loans? Trade Support Loans are loans paid in instalments totalling up to \$20,420 spread over four years. These loans are intended to assist apprentices with everyday costs while they complete their apprenticeship. Eligible Trade Australian Apprentices may apply to opt-in for regular installment according to their needs.

How do Trade Support Loans work? Trade Support Loans are a more effective method of assisting eligible apprentices with their everyday cost while they undertake their apprenticeship. The program provides apprentices with up to \$20,808 as an income contingent loan, compared with the old Tools For Your Trade payment.

Payments are as follows: **Year 1** = Up to \$8,323 - **Year 2** = Up to \$6,242 - **Year 3** = Up to \$4,164 - **Year 4** = Up to \$2,081

Upon Completion of Apprenticeship = 20% discount is applied to the loan amounts borrowed

Loan amount will be repaid through the taxation system when the minimum income threshold is reached. In 2017-18 the minimum repayment occurs at income threshold of \$55,874.

For more information visit: www.australianapprenticeships.gov.au/trade-support-loans
